

## Sponsor a Child at Nav Abhiyan

We have a long way to go before we can consider our job done but with your support and the blessings of those innocent hearts that we work with we are growing from strength to strength.

The satisfaction from this selfless endeavour cannot be defined. The pleasure cannot be expressed. Our growth and our success is because of the small efforts of some kind people like you. Be it financial, moral or social, your help is invaluable in making sure that we are not alone in this Will of God. We are all together His instruments.

Would you like to do your part and **sponsor a child**? If yes, read on:
